## **PROJECT HISTORY REPORT FOR BITUM AUSTRALIA**

**Job #5136** – St Hilliers – Apartment block, Five Dock.

**Total area** = 200 sqm

**Material** = Multigum

### **Scope of works:**

- Remove existing membrane.
- Create falls to drains using epoxy mortar screeds.
- Prepare and install Multigum (spray applied).

### **Comments:**

- The finished product was pleasing to the eye and to the customer.

**Ph: (02) 9798-5888**

**Fax: (02) 9798-5666**

**Email: [steves@capsbeta.com](mailto:steves@capsbeta.com)**

**Job #5065 – St Hilliers - Home Maker Super Centre, Belrose**

**Total area completed = 250 sqm**

**Total area potentially = 1,000 sqm**

**Material = Flexigum**

### **Scope of works:**

- Prepare and install Flexigum at 4mm to detention tank and retaining walls.

### **Comments:**

- The application of Flexigum to the detention tank and completed retaining walls was a great source of interest to the builders on site and as a result we received many enquiries from their colleagues on other sites.

**Job # 5301 - EMC ASSET MANAGEMENT – Shop awning, Double Bay.**

**Total Area = 50 sqm**

**Material = Multigum**

**Scope of works:**

- Remove defective timber roof decking and replace with new.
- Prepare and install Multigum (Brush & roller applied)

**Comments:**

- The final product pleased both the client and the tenants of the building.

**Ph: (02) 9798-5888**

**Fax: (02) 9798-5666**

**Email: [steves@capsbeta.com](mailto:steves@capsbeta.com)**

**Job # 5314** – Arcon Constructions – Restaurant, Darling Harbour.

**Total area** = approx. 150 sqm

**Materials** = Multigum and Mastigum.

**Scope of works:**

- Prepare and install Mastigum and drainage cell to planter boxes.
- Prepare and install Multigum to cover existing torch on membrane.

**Comments:** the membranes were used in critical areas with great success and ease.

**Job # 5417** – Stanhome Constructions- Medical centre, Northmead.

**Total area** = 300 sqm

**Product** = Mastigum spray

**Scope of works:**

- Prepare and install Mastigum to block work retaining walls.
- Prepare and install protection to membrane.

**Comments:**

- The spray application of this product has proved a great advantage for this application and allowed us to complete numerous projects simultaneously with the same team of men.

**Job # 5372** – Precise Lee Building – Residential development, San Souci.

**Total area** = 200 sqm

**Product** = Flexigum.

**Scope of works:**

- Prepare and install Flexigum at 4mm to block work retaining walls.
- Prepare and install protection to membrane.

**Comments:**

- Difficult site conditions and extreme temperatures made this an unpleasant site to work on, however the final product was achieved successfully and the builder was both impressed with the service provided by CAPS and the Flexigum membrane itself.
